Gustavo Decker Zambrano

IT Applications Specialist, IT Consultant, Full Stack Developer

👤 Profile

Scrum Product Owner Certified.

Finalist in E-commerce Day Awards 2018.

I have made my career based on web development, database, project management and in recent years in cross-platform mobile applications.

I have not left aside the technical parts such as electronic security, training in the United States in access control systems, as well as in CCTV, making a mix of both knowledge to provide comprehensive solutions to current needs.
